The year 1974 saw new faces and changes to the Center Rutland Athletic Club. Dave Seward was elected President, John Jozwiak, Vice President, and Carol Denardo, Secretary-Treasurer. The name of the club was changed to the Rutland Town Athletic Club, Inc. to reflect on the vastness of our club. Two girls' soft ball teams were added this year thanks to Mrs. Trudy Billings and the Violet Senecal family. Sam Young was chosen our equipment manager. Mr. Dick O'Connor volunteered his services as umpire in chief and helped secure other volunteer

umpires. Mr. and Mrs. Joe Kruszewski organized and ran our first auction at the Rutland Town School. Jack Flood, John Thomas, Jim Brytowski, Trudy Billings and Dana and Ernie Senecal were added to our list of coaches. New bleachers were built at Center Rutland by Mr. Araldo DelBianco. Mr. Tony Fusco, as usual, replaced burned out bulbs and installed several new ones for the lights at Center Rutland. A flag pole was erected for the Women's Softball Tournament by John Jozwiak, Bernie Mcgee and Leonard Knapmiller to name a few.

In an effort to improve and expand the field at the Rutland Town School, Dave Seward headed a group of volunteers who cut trees and brush on the left field side. The School Board, thanks to Roxie Hathaway and Ned Hemenway, Selectman, approved some funds to purchase a set of bleachers and a portable refreshment stand for the field. Mrs. Sam Young was in charge of selling the refreshments at the school field while the Jim Brytowski family handled the bulk of the chores at Center Rutland.

It is hoped that these people will continue to volunteer their services for the Athletic Club. But many more people are needed and urged to lend a hand in the future of our Town. We have much more work to be done on both fields and too few people to do it.

Thanks to all who helped whom I didn't mention and thanks to all whom we will call upon in 1975.

Respectfully submitted,
CAROL J. DENARDO
Secretary-Treasurer

ANNUAL REPORT OF SCHOOL DIRECTORS AND ADMINISTRATION TO RUTLAND TOWN CITIZENS

Once again the School Board and the Administration are caught in a situation of spiraling inflation (12%) and rapidly increasing student enrollment (10% in six months). Like the rest of the nation, school personnel are fighting price increases. Although financial problems have been worrying school boards and educators for years, the current runaway inflation is creating an almost insurmountable situation. Suppliers bid, win the contract and then say they cannot deliver because they don't have the merchandise or they offer a very extended lead time before products can be shipped, or they refuse to give a firm price, saying they will change the price at the time of shipment. Prices are 50% to 300% above what they were twelve to fifteen months ago. It is interesting to note that if you take last years budget and multiply that figure by the increase in student enrollment, it comes very close to our present budget request. To be more specific, our high school tuition has increased by $74,800. Rutland City has increased their high school tuition from $1,400 to $1,700, a cost increase over which we have no control.

This years teachers salaries includes an average increase for our teachers plus additional staff members to keep pace with the increasing enrollment. Three full time staff members will be added, two teachers and an assistant principal. Along with this, Home Economics and Industrial Arts will increase from 85% to 100% time and girls Physical Education will increase from 40% to 60% time. The assistant principal will work part time in administration and will also teach algebra and counsel students, both of which have been needed in our curriculum for some time.

It will be necessary to move the Kindergarten to the Cheney Hill School next year. To do this, a certain amount of renovation will have to be done in order to pass state inspection. The major part of the money will be used to put in a new well and spetic system.

Our per pupil cost for 1973-74 was $797. Although the state per pupil cost for last year has as yet not been calculated, their per pupil cost for 1972-73 was $792. This does indicate that our per pupil operating expenses are quite in line with the state average.

Revenue sharing funds were voted to purchase the Barker property but we must still pay the interest on that property under the terms of the contract. Our share this year is $5,493.

Our school has reached maximum capacity. In fact, some of the rooms and core facilities have been judged inadequate for the number of children by the State Department Facility Planning Department. The rapid increase in enrollment continues and there seems to be no end in sight. We are presently studying the possibility of a middle school and of course last year we studied the junior-senior high school. As soon as legally possible, we will call for another school vote. At the present time no firm decision has been made on the specifics of that vote. You will be receiving further information about this soon.

The morale at the school continues to be very high and teachers continue to work to improve and expand our curriculum. By the end of this year, we expect to have our K-8 curriculum in grammar and math completely revised and coordinated. We are also working on our reading curriculum and expect to have it completed by the end of next year. We are far ahead of most schools in the area in having our basic K-8 curriculum written and organized. We also continue to expand our extra-curricular activities and have added a ham radio club and cross-country skiing program. Another fine program we feel you should be aware of is our Health Program. Under the direction of our school nurse, Betsy Solari, we have one of the most extensive health programs in the State. We would like to thank the P. T. O. and the many conscientious volunteers that have helped to develop this program.

It is our desire to continue to provide the highest quality education at a reasonable cost for all of our children. The School Board and the Administration are working hard and planning ahead to make sure we maintain this quality in face of the increasing enrollment. We will be asking for your help and your well thought out vote soon.

Basis for Budget Support: Number of full-time teachersplus percentages of part-time teachers.

Proctor 39—36.45%; Rutland Town 31—28.97%;
West Rutland 37—34.58%.

Proctor:

39—36.45% x $54,352.24 = $19,811.39 ÷ 4 = $4,952.85

Rutland Town:

31—28.97% x $54,352.24 = $15,745.85 ÷ 4 = $3,936.46

West Rutland:

37—34.58% x $54,352.24 = $18,795.00 ÷ 4 = $4,698.75

REPORT ON REGIONAL PLANNING

It is with pleasure that we submit the following report on the progress and achievements of the Rutland Regional Planning Commission during 1974.

1974 Marked a significant turning point in the direction of the Commission. As in the past the Commission continued to provide assistance to member communities in the preparation and adoption of comprehensive plans and zoning regulations. The Commission took a more active role in this activity to improve the quality of by-laws and related documents and make planning truly responsive to the needs of each community. In addition, the Commission adopted the position that in order to adequately serve the residents of the Rutland Region it must expand its services beyond the traditional land use planning and zoning activities. In this regard improved information services and technical assistance were made available to local planning commission's, local elected officials and the public through the following new programs:

1. **Legal Service Program:** The Commission initiated a program whereby member communities could be reimbursed for a portion of the cost of professional legal

services retained in connection with a planning or zoning matter.

2. **Transportation Planning:** Work was begun which could ultimately lead to the creation of a county-wide public transportation system serving both rural and settled area.
3. **Drafting Services:** The services of an experienced draftsman were retained to assist local planning commissions in the preparation of town plans and maps. Drafting services were made available to all member communities.
4. **Industrial Development:** In keeping with the Commission's number one priority for 1974, assistance was provided several member communities in organizing local industrial development efforts. The goal of this program is to improve the regional economy by creating additional employment opportunities.
5. **Housing and Community Development Act of 1974:** Member communities were informed of the major provisions of the Act. Several are being assisted in preparing grant applications for community facilities eligible for federal funding.
6. **Flood Insurance:** The Commission kept member communities aware of changing flood insurance guidelines, the benefits of the program, and the status of individual applications. Assistance was provided to those communities applying for eligibility.

In addition, the Commission (1) conducted a series of well attended workshops on zoning administration and V.S.A. Title 24, Chapter 91; (2) began providing assistance in the area of capital budgeting and capital improvements programming to local officials, and (3) became involved in a new approach to environmental planning that can improve the effectiveness of zoning by-laws and local response to Act 250 applications. During the year special emphasis was placed on economic planning and development to improve the regional job market and capital programming to provide local officials with improved budgeting capabilities.

This has been a very active year for the Commission—perhaps the busiest since its formation back in 1968. The emphasis has been and will continue to be on providing technical assistance and up-to-date information to elected officials and planning commissions so that sound decisions can be made at the local level.

REPORT OF THE PLANNING COMMISSION

The Planning Commission has met many times during the past year. It is expected that the town plan will be completed before June. Most of the mapping has been accomplished. Also, a survey of the residents' attitudes and desires has been conducted.

The plan will become the basis for eventual sub-division and zoning regulations.

The information presently available should be a great help to those people wanting to know of the natural composition of any part of our town.

The members of the Commission are Chris Benetatos, Barbara Crean, Richard Kopsack, Katherine Solari, Clifford Thatcher - Chairman, William Thomas, Kenneth Thompson and Frederick Zimmer. A high percentage of members were present at each meeting.

Respectfully submitted,

CLIFFORD THATCHER
Chairman

1974 ANNUAL REPORT
Town of Rutland

It is my pleasure to submit this report regarding services rendered by the Rutland Area Visiting Nurse Assoc., Inc. to your town for 1974.

Our program includes Skilled Nursing, Physical Therapy, Speech Therapy, Occupational Therapy and Home Health Aide services. This is a part-time service in your home for you and your family.

We also coordinate with the State Public Health Nurses to provide Well Child pre-school clinics and Handicapped clinics to your areas. We give health guidance and preventive teaching to families and new mothers. We also have Pre-Natal classes for expectant parents. We provide instruction in the care of the patient in the home as well as giving direct bedside care.

We are always available if you have other health problems that we could help with. We make many calls to evaluate situations and report back to physicians. This has proved to be very helpful to all the area physicians.

Our main office is in Rutland, but we have branch offices in Hydeville and Brandon.

Total direct bedside care visits that were provided to your community during 1974 are as follows:

Skilled Nursing Care 343 Home Health Aide 25

Many other visits for health teaching, guidance and evaluations of need were also made.

We welcome all suggestions to improve service to your community, so please feel free to contact us or come and visit our office to become better acquainted with our programs.

Thank you for your support in 1974 and we are looking forward to another busy year.

Respectfully submitted,
EVELYN MORGAN, R.N.
Director
